

## Sanitizing Sink Heater

Providing a consistent and continuous supply of sanitizing rinse water for manual warewashing applications

- All stainless steel body and base
- Digital display for visual confirmation of set point temperature and fault conditions
- Equipped with a high temperature cut-off for built-in protection against higher than normal water temperature
- Low water cut off to prevent element burnout
- ETL (Sanitation NSF listed)
- Shipped ready to install with all gaskets and fittings
- Screw in type elements
- Separate sump and heating compartment drains allow for easy cleaning and sanitizing
- Standard 2" brass plated plumbing fittings for mounting under a sink
- Multiple voltage options available

### Applications

- 3 or 4 compartment sinks
- Pot and pan sinks
- Bar sinks

The Hubbell Expeditor JSK Sanitizing Sink Heater is designed for 3 or 4 compartment sinks, pot and pan sinks and bar sinks providing a consistent and continuous supply of sanitizing rinse water for manual warewashing applications. The JSK fits under the center of the sink so it doesn't take up any sink space and is easy to service and maintain.

Hubbell booster heaters are the right choice for your food service applications. Our boosters are designed, engineered, and manufactured for reliability and longevity coupled with unparalleled support and service.
